Quick Start Guide Quoting

Preliminary Underwriting Request

Benefitter can be used for the complete underwriting and installation process with United Healthcare Level Funded for small groups (<50 employees). There are 2 ways to obtain a preliminary underwritten quote from UnitedHealthcare Level Funded: individual medical questionnaires (IMQ) or Census path. Based on the number of full-time employees in the census, Benefitter will choose the appropriate path for the group.

Create Underwriting Request

- Click on the pen icon in the upper right of a proposal
- Or, clicking on the All Savers® Underwriting button on the introduction page of the blank proposal.

Preliminary Underwriting Checklist - Overview

- Enter the information on the checklist items (settings, employer information, claims report (HB2015 groups), employee information, and communication & document sections).
- After completing checklist items, you will be able to submit the preliminary request.

Texas House Bill 2015: Claims Reports

In Texas only, Benefitter enables groups to submit prior claims reports to replace or supplement IMQ/Census underwriting. This claims report step comes between Employer Information and Census/IMQ. You can always choose to skip claims reports and proceed directly to IMQs. If you select NO for the claims report, choose a reason from the list of values.

Benefitter verifies that your claims reports cover the required criteria:

- 12 consecutive months that conclude within 120 days of the requested effective date. Both Tier 1 (Premium vs Claims) and Tier 2 (Large Claims)
- If a single document does not meet these criteria, you can upload multiple reports.

You will be asked to verify which people on the company census are not included in the most recent claims report. Benefitter will then determine whether some or all employees will need to fill out individual medical questionnaires.

Census Underwriting Path

For groups who qualify for underwriting via census, only a member-level census is needed for underwriting. The following fields are required for all enrolling employees and dependents:

- First Name
- Last Name
- Gender
- Enrollment Tier
- Date of Birth
- Home Zip

To add another employee to the census, click on the + icon. Once you have entered all required information, press save and continue.

IMQ Underwriting Path

A medical questionnaire needs to be completed by each employee in the census before the request can be submitted for underwriting. The IMQ process and mobile-optimized employee experience closely mirror those of Benefitter's employee elections. There are 5 ways to assist employees in completing the questionnaire:

• Email Employees

 Send employees an invite to complete a mobile-friendly medical questionnaire. On the employee notification page, check the names of employees that you are inviting to complete their Questionnaires electronically.

• Upload Applications

- Upload already completed Applications. Click on the download icon to download a blank IMQ. After the employees provide the completed, signed and dated IMQ. Click on the upload application button, on the Employee Questionnaire Upload page check the names of employees on the document you are uploading.
- Launch Application
 - Click on the Launch Employee Questionnaire page, on the Launch Employee Questionnaire page select, access an employee's questionnaire directly to walk them through completing it, or to complete the enrollment.
- Set Up Kiosk
 - Set up a computer station for employees, and provide access codes so they can complete their questionnaires.
- Select plans/enroll group on the enrollment page.
